

## MANNA DATES AND POEMS OF DAWN TO CORRESPOND

(This listing is the work of Brother Earl Henning, now deceased. It was made available to us by Sister Henning and Marguerite Rosswick. Typing of final list by Gloria Mathews of Salem, Oregon. Directions on how to use this list: First look up the page in your Poem Book to see if you can find the name of the poem as listed. If you do not find it on the specified page, turn to the index in the back of your Poem Book, and see if you can find the name of the poem and the proper page in your book. If you cannot find the poem in your index, this means that you have an edition of the Poem Book that is different than the one used by Brother Henning. There may be a few missing poems, but not many we hope.)
